

The LAA and Council Wide Organisational Scorecard combines performance information from both the LAA Scorecard (i.e. just the LAA indicators) and those indicators selected by members of CMT to determine the organisational health of the Council (i.e. the Corporate Balanced Scorecard)

SUMMARY STATUS REPORT

Below is summary of the status of the indicators by Service Area. It represents a progress report on the year to January 2011 unless otherwise stated. It has not been possible to collect data for all of the indicators at this stage - the majority of these are annual indicators. Please refer to the commentary boxes for further information.

	Rag Status			Annual or awaiting data/targets	Total
