The Slough Sport and Physical Activity Forum has developed an action plan (adopted by the Slough Active Team) to encourage wider participation across all age groups. Actions taken to date include: a successful bid for LPSA funding to increase gym membership, a targeted marketing campaign to increase frequency of use of sporting facilities and the promotion of free swimming for children and those aged 60 plus, the opening of the new Gym in the Slough Trading Estate together with Go Karting facilities. Actions and progress are monitored by the Health and Wellbeing PDG. 5 potential local measures are giving us a better understanding of local issues and are under review. These underpin a more robust action plan developed with support from IDeA.

This is inline with the national picture which declined by 6.6% and along with our statistical neighbours ranging from a decline of 4.5% to 10.1%. This places Slough is the 3rd quartile, ranked 98th nationally (out of 152 LAs) and 6th (out of 11) in our SN group. Performance is 9.7% below our 2009/10 target of 64.9%. Tellus is no longer being carried out so the results related to the emotional health of children are no longer available. The emotional health of children remains a high priority for the members of the Local Children's Partnership Board. Work on children and young people's emotional health is carried out through the local authority and BECHS. At a universal level schools are actively involved in promoting the social and emotional aspects of learning (SEAL). In the targeted domain, Local Authority services focus on individuals and groups of children identified as in need primarily by universal services. A wide range of services, projects and programmes are available related to the wide range of presenting needs. The Comprehensive Child and Adolescent Mental Health (CAMHS) Hub signposts and arranges support for those children with more complex mental health needs. This Hub has been very successful in keeping an increasing number of children in the targeted area rather than being escalated to specialist and acute services provided by Health.

It represents a health vital signs indicator. There is excellent coverage saturation in terms of establishing height and mass of pupils. Performance figure for 2009/10 released earlier this year was 21.4% thus representing an increase in the obesity rates of 2% when compared to 19.4% in 2008/09. This is also higher than our comparators averages (South East average of 16.6% and National average of 18.7%) and also 2% higher the 2009/10 target of 19.4%.</p> <p>Corrective action for NI 56:</p> <p>PCT are in the process of collating the obesity data for 2010/11 however this will not be mapped to local authority areas until early next year. This is due to the cross border issues which are handled at a national level at the national information centre. Contracts are in place with key performance indicators to reduce the year on year increase in obesity rates to:</p> <ul style="list-style-type: none"> • Reduce childhood obesity. • Increase the level of physical activity for Children and Young People. • Target deprived wards. <p>Programmes being delivered to achieve these key outcomes are:</p> <ul style="list-style-type: none"> • Family Weight Management Programme that targets children 7-12 years of age. • Child Measurement Programme to children in Year 1 & 6. • Delivering campaigns which educates schoolchildren, families and schools about healthy eating and physical activity. • Providing breast feeding training and support to new mothers to increase the breast feeding rates. • Mission Healthy Eating delivered in 3 schools by dieticians • Cookery School in Sure Start Children's Centres to educate parents on how to buy and cook healthy food. • Cook Club (2wks per year if funding bid successful) • Healthy Schools – Encouraging schools to work together in clusters to provide a health promoting environment.

As well as the results improving, the number of pupils eligible also increased by over 160 from the previous year. However performance is 7.9% below the 2010 national average of 56% and placed 11th out of 11 in our Statistical Neighbours Group. Ranked 137th out of 152 LA's which places Slough in the bottom quartile nationally. Corrective Actions: The Sure Start Service will increase the connections in Early Year's settings. This will be intensified through the new national focus on sure start and greater targeting of vulnerable children.

Slough's 2010 performance of 71% has improved by 4% from the previous years result of 67%. These results were likely to have been higher however it excludes two of our high performing primary schools which boycotted the SAT's this year. 2010 performance is 3% below the England of 74% and 2% below the South East averages of 73%. Performance is also well below the 2009/10 target of 75%. Key Stage 2 results for 2010 show an improvement in performance for the first time in a number of years. However, this is not leading to complacency but new vigour in intensifying the focused action in this area. Increased emphasis is being placed by the Local Authority on effective leadership and management, teaching and learning, assessment and data analysis to inform teaching and strengthening governance. Activities include the improved use of tracking and target setting to assess pupil progress. There is also the judicious use of national programmes, 1 to 1 tuition and other intervention programmes used appropriately in schools, including modelling and the use of advanced skills teachers.

However the gap is 3.2% wider than the 2010 national gap of 32.7% and placed 8th out of 11 in our Statistical Neighbours Group. Ranked 137th out of 152 LA's which places Slough in the bottom quartile. The gap is 1.7% wider than the 09/10 gap target of 34.2%. The Sure Start Service has increased its emphasis on supporting and driving achievement, particularly for those most vulnerable, in line with the new national focus. Early intervention with provision for two year olds is seen as a significant contribution to improvements in EYFS results in due course. More funding is being invested in contributing to the EYFS stage agenda and integrating this work with the broader school improvement work which is more focused on the statutory responsibilities around monitoring, challenge and intervention.

Our aim is to provide sufficient additional support on top of the teaching provided through the children's schools in order that each child makes personalised stretching attainment improvements. Targets are set in light of the current predictions of who will be in care in each year, though by the time the reporting period comes around there are additional children in care and others who have left care - so the targets can only be set in a non-predictive fashion. Huge uncertainties are attached to target setting at KS 4, since a significant proportion of this cohort will be recently arrived unaccompanied asylum seekers who are very unlikely to achieve the requisite GCSEs, particularly English. 08/09 Target was not met.		
NI 102 (a)	Economy & skills	Achievement gap between pupils eligible for free school meals and their peers achieving the expected level at Key Stages a)2 and b)4 PSA 11	24%	19.5%	tbc	27.8% (Summer 09)	-	-	-	21% (summer 2010)	GREEN	second quartile 09/10	6th out of 8 in our SN group (3 of our SN results have not been published).	<p>GOOD TO BE LOW: Slough's 2009/10 KS2 FSM gap figure of 21% has significantly improved in comparison with previous year's gap figure of 27.8%. This has resulted in Slough placed in the top quartile for most improved LA. These results were likely to improve further as they do not include two of our high performing primary schools with low percentage FSM that boycotted the tests. Slough's FSM gap is inline with this year's England gap and well below the South East gap figure of 26%. Ranked 50th nationally placing Slough in the second quartile and placed joint 6th out of 8 in our Statistical Neighbours group (3 of our statistical neighbours results have not been published). Slough achieved our LAA 2009/10 target of 21%.</p> <p>Slough's 2009/10 KS4 FSM gap figure of 35% is 1.5% wider than last year's gap figure of 33.5%. The FSM gap is also 7% wider than England's gap figure of 28% and 1% wider than South East's gap of 34%. Ranked 127th nationally placing Slough in the bottom quartile and placed 11th out of 11 in our Statistical Neighbours group. Slough is also 2% above our 2009/10 gap target of 33%. However improvements have been achieved by pupils with and without FSM at KS4. The results of KS4 pupils with no FSM improved by 4% whereas pupils with FSM improved by 2% which resulted in the FSM gap widening. As our four grammar schools have low percentage FSM this contributes to the high achievement of KS4 pupils with no FSM achieving 68%, ranking Slough 10th nationally compared with KS4 pupils with FSM achieving 33%, ranking Slough 41st nationally.</p> <p>Corrective action for NI 102b: Any corrective action needs to be tempered by the fact that our pupils on Free School Meals (FSM) are making significant progress over the course of their education and by the end of Key Stage 4 have moved to a national ranking of 41st nationally out of 152 authorities. At the same time this is not grounds for complacency. The Local Authority is currently upping its game in intensifying early support, monitoring, challenge and intervention with school improvement and raising standards, particularly focusing on vulnerable groups, such as the disadvantaged pupils on free school meals. However improvements have been achieved by pupils with and without FSM at KS4. The results of KS4 pupils with no FSM improved by 4% whereas pupils with FSM improved by 2% which resulted in the FSM gap widening. As our four grammar schools have low percentage FSM this contributes to the high achievement of KS4 pupils with no FSM achieving 68%, ranking Slough 10th nationally compared with KS4 pupils with FSM achieving 33%, ranking Slough 41st nationally. Corrective action for NI 102b: Any corrective action needs to be tempered by the fact that our pupils on Free School Meals (FSM) are making significant progress over the course of their education and by the end of Key Stage 4 have moved to a national ranking of 41st nationally out of 152 authorities. At the same time this is not grounds for complacency. The Local Authority is currently upping its game in intensifying early support, monitoring, challenge and intervention with school improvement and raising standards, particularly focusing on vulnerable groups, such as the disadvantaged pupils on free school meals. Recently, we have had Ofsted inspections of Slough schools where all of the outcomes have been good or outstanding. This is based the Youth Offending Teams internal data which is likely to differ to national figures published later in the year. Recent work undertaken by the Partnership namely the introduction of YRD (Youth Restorative Disposals), in conjunction with effective use of the bail clinic system has seen a significant reduction in the number of young people receiving a reprimand or final warnings. The recent recruitment of a Triage worker in the YOT in line with the Youth Crime Action Plan will see the development of a system where young people who are subject of a YRD are provided with a short term intervention aimed at filtering them into diversionary activates and target Youth Support pending on needs identified through the assessment process. Partnership targeted youth activities, use of the YISP and parenting interventions have all supported success in this area.
