RECEIVED

- 7 SEP 2011

Dear Sir,

We do have objections, and do not want any street tradings, at the back of my property the reason being, there are no toilets, no parking, cars would have to be parked, blocking our entrance to for borough close, we had a lot of stress a few years ago, as lorries were night parking behind our property, the hedge was used as toilets, the rubbish left behind caused varman infested, the hedge had to be done away with, with it was a nice bit of shade for us, and the council blocked half the lay by of so no over night lorries could park, there is a fence between us and the lay-by. There is a Tobey Carvery very close to us and we would be worried about the drink and drugs with is in our area. Our grandson who is nexted to me, would object, he has four young children, but he is in Australia for a few months, he's No 3 and my daughter, all so in Australia is No 13

I'm sorry to object, but it's ~~not~~ match to a close.

Yours Sincerely,
