Dear Sir,

Street Trader Consent 413 London Rd , Langley

We would like object to this License Application.

We operate a Truck Business from 413 London Rd. This road is NOT a lay-by as suggested in the planning application. The road is used for access to the Toby Carvery and is a the only exit from the Toby. Also the road is access to Foxborough Crescent and out premises.

Until very recently the whole road was no parking or loading but in order to accommodate our business needs the council relaxed the parking for a small part of the road.

There is a long history of how the road found its current parking restrictions which would be available from your planners. Not least, in order to tidy up the road the changes were paid for by Bass Charrington.

The small parking area is used every day and there is rarely a spare parking position. There is not room for a Food stall and even if there were there is no parking available for customers. Apart from the fully utilised parking area the rest of the road is No Parking or Loading. Clearly there is no-where for any potential customers to park whilst ordering. There is no passing walking trade.

The other side of the road is a cycle way so clearly should not be obstructed.

This road is also the main pedestrian route to Holy Family School.

Therefore we must object to this application.

Yours faithfully,

A. Which
