Ref:  
Objection to street trading consent  
opposite 413 London Road Slough Berkshire SL3 8PS

We are objecting to the street trading consent on the grounds that it would.

1. It would take up valued space outside our place of work that would prevent our customers and deliveries from parking without receiving tickets.
2. It would hamper our trucks from leaving and entering our site.
3. Health and safety grounds that this is not a lay-by but a working service road.
4. Litter

Many thanks

*William Harries.*
