Ref:
Objection to the application for consent to a street trading license in the Langley service road.

We wish to object to this application for the following.

This is a working service road and not a lay-by stop which has a very limited amount of parking which is fully utilised at present. This limited parking enables customers and parts delivery vehicles to come to our place of work and park without receiving parking tickets. It also enables us to park our own vehicles there whilst working which is an absolute necessity. This is because we have one entrance to our site and we are in the business of buying and selling large HGV trucks which are in need of a wide turning area to allow them to leave and enter our premises. None of this would be possible if there were vehicles and catering facilities parked opposite our entrance.

Yours faithfully

W.R.Harmes
