Subject: Application for street trading sl38pu

To the licensing team

Re application for snack bar in lay by adjacent bus shelter opposite 413
London rd

I would object to the permission

The 1st obvious first reason is no one wants a snack bar outside their home

2nd We on foxborough close have only one entrance to our 30 homes

almost every day we have problems getting in to our homes with the amount
of traffic the lay-by is the only entrance to the travelodge hotel and a
very busy pub and Toby carvery restaurant

there is a dedicated cycle route on the lay-by which narrows the entrance
and exit to our homes

the business that is facing the proposed food sale business Is a busy
large commercial truck sales which regularly has to move vehicle in and out
Also we have most nights truck drivers sleeping in there trucks outside our
homes

Also most days the local couriers meet there to exchange parcels to quicken
there routes

I understand that may sound like just another complainer

And I understand people have businesses to run

But it is already very difficult to live here

our once nice Area has gone dangerous for traffic and parking

I ask that refuse permission on this sight

With thanks

J Boyd
