Mr Adsheads' formal response is attached at **APPENDIX 3**.

5. **RELEVANT GUIDANCE AND POLICIES**

- 5.1 The proceedings set out in the 2003 Act for Reviewing of Premises Licence represent a key protection for the community where problems associated with the licensing objectives are occurring after the grant or variation of a Premises Licence. Where a request to Review the licence is made by a Responsible Authority, the Licensing Authority will hold a hearing in respect of this, unless it, the applicant and the Responsible Authorities agree that a hearing is not necessary
- 5.2 Section 52 of the Licensing Act 2003 provides that the Sub-Committee must, having regard to the Review application and any relevant representations, take such of the steps listed below as it considers necessary for the promotion of the licensing objectives. The steps are:
- (a) to modify the conditions of the licence, (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;
 - (b) to exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption);
 - (c) to remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
 - (d) to suspend the licence for a period not exceeding three months;
 - (e) to revoke the licence.
- 5.3 However, the Sub-Committee may consider it is not necessary to take any of the steps listed above to promote the licensing objectives. These are matters for the Sub-Committee to determine having regard to the evidence of all parties.
- 5.4 There is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. However, where responsible authorities like the Police, Environmental Health or

Trading Standards Officers have already issued oral or written warnings requiring improvement, licensing authorities should not merely repeat that approach.

- 5.5 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as a necessary means of promoting the licensing objectives. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is necessary and proportionate to the promotion of the licensing objectives.
- 5.6 In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial act taken should generally be directed at these causes and should always be no more than as necessary and proportionate response.
- 5.7 The Sub-Committee should also consider and make use of the 'Yellow and Red Cards' system as directed and recommended by The Department of Culture, Media and Sport (DCMS).
