ADDITIONAL INFORMATION

This application is for a florists stall at the vacant existing Street Trading pitch in the High Street previously held also by flower trader.

I believe that this new application would be suitable for the High Street as there are no other street traders or retail outlets providing this service in the immediate area.

I feel that a florist would compliment the other traders in the High Street area, such as the fruit and vegetable trader and the hot potato seller as the previous flower trader did.

I want this venture to be a professional outlet with professional displays and florists stand with fresh flowers to be sold a on a daily basis.

I have attached examples of types of stands that I would want to use together with an example of a concertino gazebo to be used when the weather is cold, raining or very hot weather.

If this application is granted I would be in a position to commence trading with two months once I have purchased all the relevant equipment and complied fully with the all requirements needed as part of this application.

I have been provided with and have read the Standard Conditions of a Street trading Consent and will adhere to them fully if the application is granted.

I will ensure that the area will be cleaned fully at the end of each day and all water used for the displays will be decanted into a container and taken way.
