

30 August 2013

FOA: Chair of Slough Borough Council Health Scrutiny Panel

CQC statement on the Heatherwood and Wexham Park NHS Foundation Trust – inspection undertaken in May 2013.

I can confirm that in line with our processes, after receiving the final CQC report, the trust submitted a report to CQC which set out the actions they planned to undertake to ensure compliance with the non-compliance identified in outcomes, 1,4,8,9,13,16, and 21. CQC have accepted the report of actions and we have maintained regular contact with the trust since the inspection. We will return to the trust in due course to follow up the concerns and assess whether the trust is compliant. A report will be published once the follow up has been completed.

Tracey Halladay,
Compliance Manager,
East Berkshire, Windsor and Reading, CQC South (Central)
