

## Appendix K – HRA Rents and Service Charges

The annual increases in rents and service charges reflects the need to increase income in order to meet the increase in utility and service costs, and to provide sufficient financial resources to reinvest in the programmes of improvement for social housing to ensure that the needs of local residents are met; the increases follow government guidance and are based upon the previous September's inflation rate. These increases are built into the HRA 30 Year Business plan and are intended to ensure that the Housing service, annual housing repairs and maintenance programme, and the long term capital investment programmes, provide decent homes to meet local needs over the life of the Business Plan.
