PART A

1. The Licensing Objectives

1.1 In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Act.

1.2 The licensing objectives are:

- **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime**
- **Ensuring that gambling is conducted in a fair and open way**
- **Protecting children and other vulnerable persons from being harmed or exploited by gambling**

1.3 It should be noted that the Gambling Commission has stated: *“The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling”*.

1.4 The Act provides for three categories of licence:

- Operating Licence
- Personal Licence
- Premises Licence

1.5 The Gambling Commission will be responsible for issuing Personal Licences and Operating Licences. The licensing authority will be responsible for issuing Premises Licences.

The Gambling Commission can be contacted at:
Victoria Square House
Victoria Square
Birmingham
B2 4BP
Tel: 0121 230 6666
Fax: 0121 230 6720
Website: www.gamblingcommission.gov.uk

- 1.6 This licensing authority is aware that, as per Section 153, in making decisions about premises licences and temporary use notices it should aim to permit the use of premises for gambling in so far as it is satisfied that the application is:
- In accordance with any relevant code of practice issued by the Gambling Commission
 - In accordance with any relevant Guidance issued by the Gambling Commission
 - Reasonably consistent with the licensing objectives and
 - In accordance with the authority's statement of licensing policy

2. Introduction

- 2.1 The Borough of Slough is located in the Thames Valley, 20 miles to the west of the centre of London and close to Windsor, Maidenhead and Reading. The Borough covers an area of 32.5 square kilometres. These areas are shown in the map at Appendix A.
- 2.2 Located along the M4 corridor, Slough is close to Heathrow Airport and is within easy access of the M40 which runs to the Midlands, the M1 which runs to the north and the M3 which runs to the south. Slough Town Centre is served by a Great Western mainline railway station from which the fastest journey time to London Paddington is 15 minutes.
- 2.3 The population of Slough is 144,575. It is a culturally diverse Borough with a range of communities. Slough is often described as a "fusion of different cultures." There are strong Indian and Pakistani communities and more than a third of the population are from minority ethnic communities.
- 2.4 The Borough is heavily urbanised with residential and commercial areas. To the west of the Borough is the Slough Trading Estate, a large commercial area comprising approximately 672,274 square metres. There are entertainment venues comprising of public houses and nightclubs in Slough Town Centre and in suburban locations, where there are also members' clubs. There are betting shops in Slough Town Centre and in suburban locations. There are 2 amusement

arcades in Slough Town Centre.

A map of the Borough is appended as **Appendix “A”**.

2.5 Licensing authorities are required by the Gambling Act 2005 to publish a statement of the principles which they proposed to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed from “time to time” and any amended parts re-consulted upon. The statement must be then re-published.

2.6 Slough Borough Council consulted widely upon this statement before finalising and publishing. A list of those persons consulted is provided below.

2.7 The Gambling Act requires that the following parties are consulted by Licensing Authorities:

- The Chief Officer of Police;
- One or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority’s area;
- One or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority’s functions under the Gambling Act 2005.

Authorities may also consult with:

- Organisations including faith groups, voluntary and community organisations working with children and young people, organisations working with people who are problem gamblers, such as public and mental health teams, and advocacy organisations (such as the Citizens Advice Bureau and trade unions)
- Local businesses
- Other tiers of local government (where they exist)
- Responsible Authorities

A list of persons consulted by this authority is appended at **Appendix “D”**:

2.8 Our consultation took place primarily between 3rd August 2015 and 4th September 2015 and we took account of the Revised Code of Practice to Licensing Authorities 4th Edition (September 2012), and the HM Government Code of Practice on Consultations (revised 2013). The latter document is available via:

2.12 It should be noted that this statement of principles will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

3.1 In producing the final statement, this licensing authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the Guidance issued by the Gambling Commission, and any responses from those consulted on the statement.

4. Responsible Authorities

4.1 The licensing authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority **about the protection of children from harm.**

4.2 The principles are:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area; and
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

4.2 In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Local Safeguarding Children Board for this purpose.

4.3 The contact details of all the Responsible Authorities under the Gambling Act 2005 are detailed at **Appendix I.**

5. Interested parties

5.1 Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Gambling Act 2005 as follows:

“For the purposes of this Part a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the licensing authority which issues the licence or to which the applications is made, the person

-

- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities,
- b) has business interests that might be affected by the authorised activities, or
- c) represents persons who satisfy paragraph (a) or (b)”

5.2 The licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

5.3 The principles are:

5.4 Each case will be decided upon its merits. This authority will not apply a rigid rule to its decision making. It will consider the examples of considerations provided in the Gambling Commission’s Guidance to Licensing Authorities at 8.9 to 8.17. It will also consider the Gambling Commission's Guidance that "has business interests" should be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices.

5.5 Interested parties can be persons who are democratically elected such as Councillors and MP’s. No specific evidence of being asked to represent an interested person will be required as long as the Councillor / MP represents the Ward likely to be affected. Likewise, parish councils likely to be affected will be considered to be interested parties. Other than these however, this authority will generally require written evidence that a person/body (e.g. an advocate / relative) ‘represents’ someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.

5.6 If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Committee dealing with the licence application. If there are any doubts then please contact Committee and Member Services at the St Martins Place, Bath Road, Slough, SL1 3UF.

6. Exchange of Information

- 6.1 Licensing authorities are required to include in their statements the principles to be applied by the authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission, and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.
- 6.2 The principle that this licensing authority applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 1998 will not be contravened.
- 6.3 The licensing authority will also have regard to any Guidance issued by the Gambling Commission to local authorities on this matter, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.
- 6.4 Details of applications and representations which are referred to the Licensing Sub-Committee for determination will be detailed in reports that are made publicly available in accordance with the Local Government Act 1972 and the Freedom of Information Act 2000.
- 6.5 Should any protocols be established as regards information exchange with other bodies then they will be made available.

7. Enforcement

- 7.1 Licensing authorities are required by regulation under the Gambling Act 2005 to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.
- 7.2 This licensing authority's principles are that we will be guided by the Gambling Commission's Guidance for local authorities and will endeavour to be:
 - **Proportionate:** regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised;
 - **Accountable:** regulators must be able to justify decisions, and be subject to public scrutiny;
 - **Consistent:** rules and standards must be joined up and implemented fairly;
 - **Transparent:** regulators should be open, and keep regulations simple and user friendly; and
 - **Targeted:** regulation should be focused on the problem, and minimise side effects.
- 7.3 As per the Gambling Commission's Guidance for Local Authorities this licensing authority will endeavour to avoid duplication with other regulatory regimes so far

as possible.

- 7.4 This licensing authority has adopted a risk-based inspection programme, based on;
- The licensing objectives
 - Any relevant codes of practice
 - Guidance issued by the Gambling Commission, in particular at Part 36
 - The principles set out in this statement of licensing policy
- 7.5 The main enforcement and compliance role for this licensing authority in terms of the Gambling Act 2005 is to ensure compliance with the premises licences and other permissions which it authorises.
- 7.6 The Gambling Commission is the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines are not be dealt with by the licensing authority but should be notified to the Gambling Commission.
- 7.7 This licensing authority will also keep itself informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities.
- 7.8 Bearing in mind the principle of transparency, the Consumer Protection and Business Compliance enforcement Policy can be accessed at: <http://www.slough.gov.uk/council/strategies-plans-and-policies/consumer-protection-and-business-compliance-enforcement-policy.aspx>

Or, upon request to the Licensing Team at Enforcement and Regulatory Services, Slough Borough Council, My Council, Landmark Place, High Street, Slough SL1 1JL or by email at licensing@slough.gov.uk

PART B

PREMISES LICENCES; CONSIDERATION OF APPLICATIONS

9. General Principles

9.1 Premises licences will be subject to the requirements set-out in the Gambling Act 2005 and regulations, as well as specific mandatory and default conditions which are detailed in regulations issued by the Secretary of State.

9.2 Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

9.3 **This licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it:**

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission ;
- reasonably consistent with the licensing objectives; and
- in accordance with this authority's Statement of Licensing Policy

9.4 It is appreciated that as per the Gambling Commission's Guidance to Local Authorities "moral objections to gambling are not a valid reason to reject applications for premises licences" (except as regards any 'no casino resolution' - see section on Casinos below – Section 12) and also that unmet demand is not a criterion for a licensing authority.

9.5 When making a decision about a new application the licensing authority will expect the applicant to have taken into consideration the impact of the application

being granted, and to have put in place measures with regards, but not limited to:

- Schools, sixth form colleges, youth centres etc, with reference to the potential risk of underage gambling
- The surrounding night time economy, and possible interaction with gambling premises

9.6 In the Act, "premises" is defined as including "any place". Section 152 therefore prevents more than one premises licence applying to any place. But a single building could be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises.

9.6 This approach has been taken to allow large, multiple unit premises such as a pleasure park, pier, track or shopping mall to obtain discrete premises licences, where appropriate safeguards are in place. However, licensing authorities should pay particular attention if there are issues about sub-divisions of a single building or plot and should ensure that mandatory conditions relating to access between premises are observed.

9.7 The Gambling Commission states in the 5th edition of its Guidance to Licensing Authorities that: "In most cases the expectation is that a single building / plot will be the subject of an application for a licence, for example, 32 High Street. But, that does not mean 32 High Street cannot be the subject of separate premises licences for the basement and ground floor, if they are configured acceptably.

9.8 Whether different parts of a building can properly be regarded as being separate premises will depend on the circumstances. The location of the premises will clearly be an important consideration and the suitability of the division is likely to be a matter for discussion between the operator and the licensing officer. However, the Commission does not consider that areas of a building that are artificially or temporarily separated, for example by ropes or moveable partitions, can properly be regarded as different premises."

9.9 This licensing authority takes particular note of the Gambling Commission's Guidance to Licensing Authorities which states that: licensing authorities should take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware of the following:

- The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to or closely observe gambling where they are prohibited from participating.
- Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different

premises is not compromised and people do not “drift” into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.

- Customers should be able to participate in the activity names on the premises licence.

9.10 The Guidance also gives a list of factors which the licensing authority should be aware of, which may include:

- Do the premises have a separate registration for business rates
- Is the premises’ neighbouring premises owned by the same person or someone else?
- Can each of the premises be accessed from the street or a public passageway?
- Can the premises only be accessed from any other gambling premises

9.11 This authority will consider these and other relevant factors in making its decision, depending on all the circumstances of the case.

The Gambling Commission’s relevant access provisions for each premises type are reproduced below:

9.13 **Adult Gaming Centre**

- No customer must be able to access the premises directly from any other licensed gambling premises

9.14 **Betting Shops**

- Access must be from a street (as per para 7.23 Guidance to Licensing Authorities) or from another premises with a betting premises licence
- No direct access from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be an entrance to a betting shop from a shop of any kind and you could not have a betting shop at the back of a café – the whole area would have to be licensed.

9.15 **Bingo Premises**

- No customer must be able to access the premise directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track

9.16 **Family Entertainment Centre**

- No customer must be able to access the premises directly from:
 - a casino
 - an adult gaming centre

- a betting premises, other than a track

- 9.17 Part 7 of the Gambling Commission's Guidance to Licensing Authorities contains further guidance on this issue, which this authority will also take into account in its decision-making.
- 9.18 The Guidance states that a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use.
- 9.19 If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made instead.
- 9.20 In deciding whether a premises licence can be granted where there are outstanding construction or alteration works at a premises, this authority will determine applications on their merits, applying a two stage consideration process:-
- First, whether the premises ought to be permitted to be used for gambling
 - Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.
- 9.21 Applicants should note that this authority is entitled to decide that it is appropriate to grant a licence subject to conditions, but it is not obliged to grant such a licence.
- 9.22 More detailed examples of the circumstances in which such a licence may be granted can be found at paragraphs 7.56 -7.63 of the Guidance.
- 9.23 This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives are relevant to its decision making.
- 9.24 As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.
- 9.25 Should any specific policy be decided upon as regards areas where gambling premises should not be located, this statement will be updated. It should be noted that any such policy does not preclude any application being made and application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.
- 9.26 This authority will have regard to the "Guidance":- 7.63 - When dealing with a

premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under relevant planning control and building regulation powers, and not form part of the consideration for the premises licence.

- 9.27 Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building.
- 9.28 This licensing authority seeks to **avoid any duplication** with other statutory / regulatory systems where possible, including planning. This authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will though, listen to, and consider carefully, any concerns about conditions which are not able to be met by licensees due to planning restrictions, should such a situation arise.
- 9.29 When dealing with a premises licence application for finished buildings, this authority will not take into account whether those buildings have to comply with the necessary planning or buildings consents. Fire or health and safety risks will not be taken into account, as these matters are dealt with under relevant planning control, buildings and other regulations and must not form part of the consideration for the premises licence.
- 9.30 Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, this licensing authority has considered the Gambling Commission's Guidance to local authorities and some comments are made below.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime

9.31 The Gambling Commission will play a leading role in preventing gambling from being a source of crime.

9.32 If an application is received regarding a premises located in an area noted for particular problems with organised crime, the licensing authority will work in partnership with the Police and other relevant bodies to consider whether specific controls need to be applied to the licence to help prevent premises becoming a source of crime. Such measures could include a condition requiring suitable numbers of door supervisors at the premises.

9.33 The licensing authority recognises the distinction between disorder and nuisance. Disorder is intended to mean activity that is more serious and disruptive than mere nuisance. Fact the licensing authority will consider in determining whether a disturbance was serious enough to constitute disorder would include whether any Police assistance was required and how threatening the behaviour was to those

who could see and hear it. Issues concerning nuisance cannot be dealt with by the Gambling Act, as there is other primary legislation in place to deal with such issues.

Ensuring that gambling is conducted in a fair and open way.

9.34 This licensing authority will not be directly concerned with ensuring gambling being conducted in a fair and open way, as this will be addressed by the Gambling Commission through the operating and personal licensing regime.

9.35 Track operators will not be required to hold an operator's licence. The premises licence will contain requirements on the licence holder regarding his or her responsibilities to ensure gambling is conducted in a fair and open way within betting areas.

Protecting children and other vulnerable persons from being harmed or exploited by gambling -

9.36 With very little expectations the intention of the Act is that children and young persons should not be permitted to gamble and should be prevented from entering those gambling premises which are adult-only environments. This means preventing them from taking part in gambling **where such gambling would illegal** and placing restrictions on advertising so that gambling products are not aimed at, or are attractive to children.

9.37 The licensing authority will consider whether specific measures are required on certain premises to protect children. This may include:

- Segregation of gambling from areas used by children
- Supervision of gambling machines in licensed family entertainment centres

The list is not exhaustive. Particular care will be taken on tracks where children are permitted on race days.

9.38 Any Codes of practice issued by the Gambling Commission will be considered by the licensing authority in relation to casinos and this licensing objective.

9.39 No specific definition of 'vulnerable persons' has been identified within the Act. The licensing authority may include, but not limited to;

- Those people who gamble more than they want; or
- People who gamble beyond their means; or
- People who cannot make informed or balanced decisions about gambling due to mental impairment, alcohol or drugs as vulnerable people.

9.40 The licensing authority will consider licensing objectives on a case by case basis.

Conditions

- 9.41 Any conditions attached to licences will be proportionate and will be:
- relevant to the need to make the proposed building suitable as a gambling facility;
 - directly related to the premises and the type of licence applied for;
 - fairly and reasonably related to the scale and type of premises; and
 - reasonable in all other respects.
- 9.42 Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to way in which the licensing objectives can be met effectively.
- 9.43 We will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.
- 9.44 This authority will also ensure that where category A to C or above machines are on offer in premises to which children are admitted, other than premises licensed for the supply of alcohol under the Licensing Act 2003;
- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
 - only adults are admitted to the area where these machines are located;
 - access to the area where the machines are located is supervised;
 - the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
 - at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.
- 9.45 These considerations will apply to premises including buildings where multiple premises licences are applicable.
- 9.46 It is noted that there are conditions which the licensing authority cannot attach to premises licences which are:
- any condition on the premises licence which makes it impossible to comply with an operating licence condition;

- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated; and
- conditions in relation to stakes, fees, winning or prizes.

Door Supervisors

9.47 The Gambling Commission advises in its Guidance for Local Authorities that if a licensing authority is concerned that a premises may attract disorder or be subject to attempts at unauthorised access (for example by children and young persons) then it may require that the entrances to the premises are controlled by a door supervisor, and is entitled to impose a premises licence to this effect.

9.48 Where it is decided that supervision of entrances / machines is appropriate for particular cases, a consideration of whether these need to be SIA licensed or not will be necessary. It will not be automatically assumed that they need to be licensed, as the statutory requirement for different types of premises vary (as per the Guidance, Part 33).

10. Adult Gaming Centres

10.1 When granting premises licenses for adult gaming centres the licensing authority will have regard to the licensing objectives. It expects applicants to offer their own measures to meet the objectives, in particular, the need to protect children and vulnerable persons from harm or being exploited by gambling. The applicant must satisfy the licensing authority there will be sufficient measures to ensure that under 18 year olds are not permitted to enter premises.

10.2 As a guide, appropriate measures/licence conditions may cover issues such as::

- Proof of age schemes
- CCTV
- Supervision of entrances and machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.
- Measures / training for staff on how to deal with suspected truant school children on the premises.

10.3 This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

10.4 The question of sub division of such premises has become an issue and been the subject of Gambling Commission Guidance. There must be no direct entry from one adult gaming centre into another. This Authority will take note of the Guidance issued in respect of such applications.

11. (Licensed) Family Entertainment Centres

11.1 When granting premises licenses for licensed family entertainment centres, the licensing authority will have regard to the licensing objectives. 15. Travelling Fairs

15.1 A Travelling fair is defined as one that 'wholly or principally' provides amusements. Fairs falling within this definition will be permitted unlimited numbers of category D gaming machines provided the facilities for gaming amount to no more than an ancillary amusement.

15.2 Sites used for travelling fairs are limited to a maximum of 27 days per calendar year. If sites being used for this purpose straddle local authority areas, the licensing authority will work with the relevant authority to maintain a central log to ensure that statutory 27 day limit is not exceeded.

16. Provisional Statements

16.1 Developers may wish to apply to this authority for provisional statements before

entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.

16.2 S204 of the Gambling Act provides for a person to make an application to the licensing authority for a provisional statement in respect of premises that he or she:

- expects to be constructed;
- expects to be altered; or
- expects to acquire a right to occupy.

16.3 The process for considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties may make representations and there are rights of appeal.

16.4 In contrast to the premises licence application, the applicant does not have to hold or have applied for an operating licence from the Gambling Commission (except in the case of a track) and they do not have to have a right to occupy the premises in respect of which their provisional application is made.

16.5 The holder of a provisional statement may then apply for a premises licence once the premises are constructed, altered or acquired. The licensing authority will be constrained in the matters it can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:

- they concern matters which could not have been addressed at the provisional statement stage, or
- they reflect a change in the applicant's circumstances.

16.6 In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- which could not have been raised by objectors at the provisional statement stage;
- which in the authority's opinion reflect a change in the operator's circumstances; or
- where the premises has not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this licensing authority notes that it can discuss any concerns it has with the applicant before making a decision.

17. Reviews

- 17.1 Requests for a review of a premises licence can be made by interested parties or responsible authorities; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the matters listed below;
- in accordance with any relevant Code of Practice issued by the Gambling Commission;
 - in accordance with any relevant guidance issued by the Gambling Commission;
 - reasonably consistent with the licensing objectives; and
 - in accordance with the authority's statement of principles.
- 17.2 The request for the review will also be subject to the consideration by the authority as to whether the request is frivolous, vexatious, or whether it will certainly not cause this authority to wish to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.
- 17.3 The licensing authority can also initiate a review of a particular premises licence, or a particular class of premises licence on the basis of any reason which it thinks is appropriate.
- 17.4 Once a valid application for a review has been received by the licensing authority, representations can be made by responsible authorities and interested parties during a 28 day period. This period begins 7 days after the application was received by the licensing authority, who will publish notice of the application within 7 days of receipt.
- 17.5 The licensing authority must carry out the review as soon as possible after the 28 day period for making representations has passed.
- 17.6 The purpose of the review will be to determine whether the licensing authority should take any action in relation to the licence. If action is justified, the options open to the licensing authority are:-
- (a) add, remove or amend a licence condition imposed by the licensing authority;
 - (b) exclude a default condition imposed by the Secretary of State or Scottish Ministers (e.g. opening hours) or remove or amend such an exclusion;
 - (c) suspend the premises licence for a period not exceeding three months; and
 - (d) revoke the premises licence.
- 17.7 In determining what action, if any, should be taken following a review, the licensing authority must have regard to the principles set out in section 153 of the Act, as well as any relevant representations.
- 17.8 In particular, the licensing authority may also initiate a review of a premises licence on the grounds that a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.

- 17.9 Once the review has been completed, the licensing authority must, as soon as possible, notify its decision to:
- the licence holder
 - the applicant for review (if any)
 - the Commission
 - any person who made representations
 - the chief officer of police or chief constable; and
 - Her Majesty's Commissioners for Revenue and Customs

PART C

PERMITS / TEMPORARY & OCCASIONAL USE NOTICE

18. Unlicensed family Entertainment Centres (UFEC)

18.1 Where a premises does not hold a premises licence the operator may apply for a permit. The applicant must show the premises will be wholly or mainly used for the provision of gaming machines for use.

18.2 The licensing authority shall have regard to the guidance by the Gambling Commission in respect of permits for unlicensed FECs.

18.3 Only category D machines are allowed to be available for use on a permit.

18.4 The Chief Officer of Police will be consulted on the receipt of an application for a permit.

18.5 Before being granted a permit the applicant will need to demonstrate:

- A full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs.
- That they have no relevant convictions as detailed in the Act
- Staff are trained to have a full understanding of the maximum stakes and prizes, and
- How they will deal with children protection issues.

18.6 Given that the premises will particularly appeal to children and young persons, in considering applications, the licensing authority will give weight to child protection issues.

18.7 Consideration of the suitability of applicants for this type of permit will follow the guidance issued by the Gambling Commission.

18.8 The Council cannot attach conditions to this type of permit.

18.9 Once granted the permit last for 10 years, unless it is surrendered or forfeited.

18.10 Statement of Principles: This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises. This licensing authority will also expect all measures as outlined in (18.5 above) to be fully demonstrated.

19 Alcohol Licensed Premises Gaming Machine Permits

19.1 There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and or D.

19.2 These premises merely need to inly notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular if:

- Provision of machine is not reasonably consistent with the pursuit of the licensing objectives.
- Gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act 2005 (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant Code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with).
- The premises are mainly used for gambling: or
- An offence under the Gambling Act has been committed, and “*such matters as they think relevant*”.

19.3 Permit; 3 or More Machines

19.4 If a premises wishes to have more than 2 machines, then it needs to apply for permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under section 25 of the Gambling Act 2005, and “*such matters as they think relevant*”.

19.5 The licensing authority considers that “*such matters*” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines.

19.6 Measures that will satisfy the authority that there will be no access may include:

- The adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18.
- Providing notices and signage.
- Providing information leaflets or helpline numbers for organisations such as Gamcare or gambler Anonymous.

This list is not mandatory, nor exhaustive. It is an example of possible measures.

19.7 An alcohol licensed premises may apply for a licence for their non-alcohol licensed areas. Such an application would need to be for an Adult gaming Centre premises licence.

- 19.8 The licensing authority can grant the application with a smaller number of gaming machines and or different categories than that applied for. The licensing authority however, cannot attach any other types of conditions.
- 19.9 The holder of a permit must comply with any Codes of practice issued by the gambling Commission about the location and operation of the gambling machines.
- 19.10 The licensing authority will cancel a permit if the holder fails to pay the annual fee, unless the failure is a result of an administrative error.

20 Prize Gaming Permits

20.1 The following may provide Prize Gaming:

- Bingo premises as a consequence of their Bingo Operating licence.
- Adult gaming Centres and licensed Family Entrainment Centres.
- Unlicensed Family Entertainment Centres may offer equal chance prize gaming under a gaming machine permit.
- Travelling fairs without a permit, as long as none of the gambling facilities at the fair amount to more than an ancillary amusement.

Children and young people may participate in equal chance gaming only.

20.2 Statement of Principles: The Gambling Act 2005 states that a licensing authority may “prepare a Statement of Principles that they propose to apply in exercising their functions under this schedule” which “may, in particular, specify matters that the licensing authority propose to consider in determining the suitability of the applicant for a permit”.

20.3 The licensing authority has prepared a Statement of Principles which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:

- That they understand the limits to stakes and prizes that are set out in Regulations.
- That the gaming offered is within the law.
- Clear policies that outline the steps to be taken to protect children from harm.

20.4 In making its decision on an application for this permit the licensing authority does not need to (but may) have regard to the licensing objectives but must have regard to any Gambling Commission guidance. (Gambling Act, Schedule 14 paragraph 8(3))

20.5 There are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are:

- The limits on participation fees, as set out in regulations, must be complied with;
- All chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- The prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- Participation in the gaming must not entitle the player to take part in any other gambling.

21. Club Gaming and Club Machines Permits

21.1 Members Clubs and Miners' welfare institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Clubs Gaming Machines Permit. The Club Gaming Permit will enable the premises to provide;

- Up to 3 machines of categories B, C or D
- Equal chance gaming
- Games of chance as set-out in forthcoming regulations.

A Club Gaming Machine Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

21.2 Gambling Commission Guidance states: "Members clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members' club must be permanent in nature, not established to make commercial profit, and controlled by its members equally. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations."

21.3 The Commission Guidance also states that "licensing authorities may only refuse an application on the grounds that:

- (a) The applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) The applicant's premises are used wholly or mainly by children and/or young persons;
- (c) An offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) A permit held by the applicant has been cancelled in the previous ten years; or
- (e) An objection has been lodged by the Commission or the police.

21.4 There is also a 'fast-track' procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10). As the Gambling Commission's Guidance for local authorities states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the ground upon which an authority can refuse a permit are reduced." and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

21.5 There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

21.6 Once granted a permit lasts for 10 years, unless it is surrendered or forfeited.

22. Temporary Use Notices

22.1 Temporary Use Notices allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling.

22.2 The licensing authority will accept applications of Temporary Use Notices for premises subject to the criteria stated in the legislation and guidance.

22.3 Premises are limited to a maximum 21 days of temporary gambling activities per month period, taken as per calendar year, and may be made up of several notices up to the maximum.

22.4 The applicant must give notice to the licensing authority at least 3 months and 1 day notice of the activity taking place.

22.5 Copies of the notice must be sent by the applicant to:

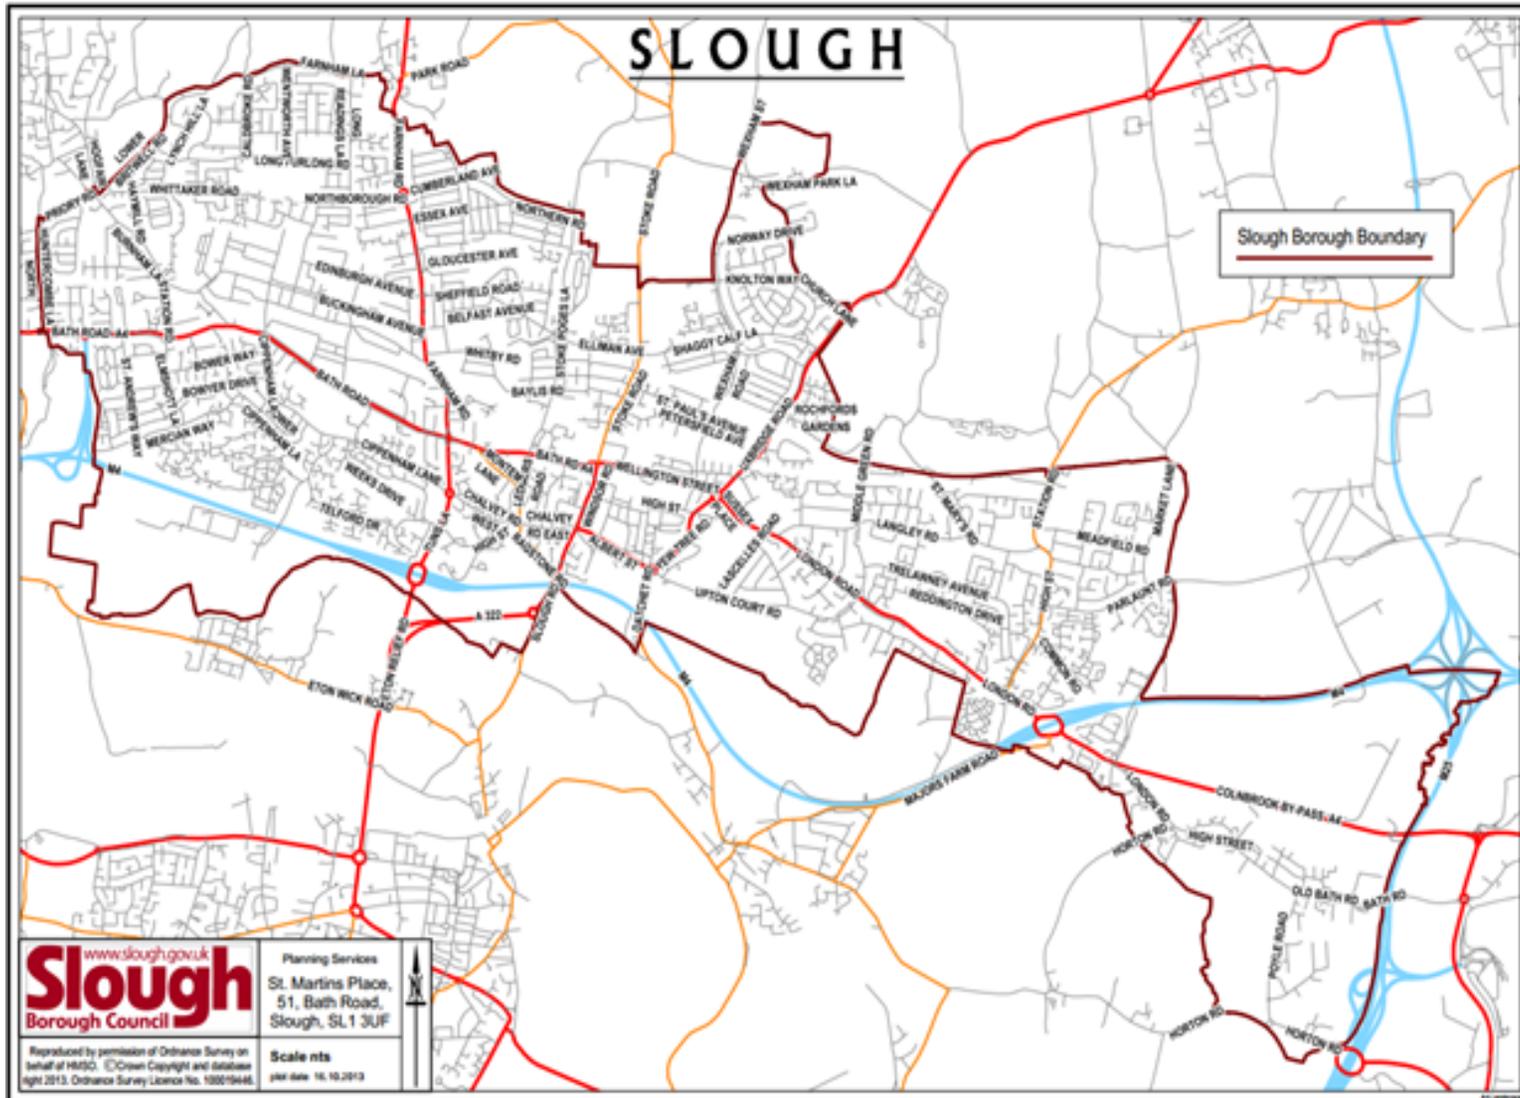

- The Gambling Commission
- The Chief Officer of Police of Thames Valley Police

- 23.3 The licensing authority will keep a public register of Occasional use Notices endorsed to ensure the limits are not being exceeded.
- 23.4 The licensing authority will give notice of objection if having regard to the licensing objectives it considers that the gambling should not take place, or can only take place with modifications.
