PART I **FOR DECISION**

TREASURY MANAGEMENT STRATEGY 2016-17

1 Purpose of Report

The Treasury management strategy (TMS) is a requirement of the council's reporting procedures and recommended by both the Chartered Institute of Public Finance and Accountancy (CIPFA) code of practice on treasury management and the CIPFA prudential code for capital finance in local authorities. The Council is required to comply with both codes through regulations issued under the Local Government Act 2003.

2 Recommendation

The Council is requested to resolve that the Treasury Management Strategy 2016-17, attached at Appendix A, be approved.

3 Slough Joint Wellbeing Strategy

3.1 SJWS Priorities

The report indirectly supports all of the strategic priorities and cross cutting themes. The maintenance of good governance within the Council to ensure that it is efficient, effective and economic in everything it does is achieved through the improvement of corporate governance and democracy by ensuring effective management practice is in place.

3.2 Five Year Plan

The report helps achieve the Five Year Plan outcomes by contributing to the Council's financial planning and particularly 'Outcome 7 – The Council's income and the value of its assets will be maximised', as evidenced in the Treasury Management activity report.

Executive Report

5 Introduction and Background

5.1 The Treasury Management Strategy for 2016/17 is required to set out how the Council intends to manage its treasury management risk. The Council's treasury policy is set out in Appendix A of this report. The Treasury Management Strategy complies with the requirements set out in the Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice on Treasury Management, which includes the requirement for determining a treasury strategy on the likely financing and investment activity for the forthcoming financial year.

5.2 In addition to reporting on risk management related to treasury activities, the Treasury Management Code also requires the Authority to report on any financial instruments entered into to manage treasury risks.

6. Key Principles

6.1 The medium term capital finance budget is a key part of the council's budget strategy. When setting the Treasury Management Strategy the Council has

considered

- The current treasury position and debt portfolio position
- The prospects for interest rates
- The current approved capital programme
- Limits on treasury management activities and prudential indicators

6.2 It is a statutory requirement that the level of borrowing is kept under review and is affordable

7. Service Delivery and Performance Issues

7.1 Current Economic Climate

7.1.1 Appendix A to the attached strategy includes a detailed view on interest rates. Interest rates are expected to remain low until the recovery is convincing and sustainable. The Bank Rate, currently 0.5%, is expected to remain at this level in the short term.

7.2 Current Position

7.2.1.1 The Council currently has £177.4m of borrowing and investments of around £80m to £90m on average throughout the year. The underlying need to borrow is measured by the Capital Financing Requirement (CFR) while usable reserves are the underlying resources available for investment. The current strategy is to maintain borrowing and investments below their underlying levels.

7.2.2 CIPFA's prudential code for Capital Finance in Local Authorities recommends that the Authority's total debt should be lower than its highest forecast CFR over the next three years. The Council expects to comply with this recommendation during 2016/17.

7.2.3 The Council uses Arlingclose as its external treasury advisor but responsibility for treasury management decisions remains with this Council at all times.

8 Comments of Other Committees

The Treasury Management Strategy 2016/17 was considered by the Overview & Scrutiny Committee on 4th February 2016 and by the Cabinet on 8th February 2016. It was resolved to recommend the strategy at Appendix A to Council.
