

M4 DCO: Improvements needed to Public Rights of Way in Slough			Ref on annotated env masterplan sheet
Bridgeworks	PRoW impact	Works needed to diversionary route(s)	
Oldway Lane	1.1km diversion via Wood Lane bridge and Jubilee River paths during construction. New bridge higher than existing.	Surfacing works to BR14 from Mercian Recreation Ground to Wood Lane: use bobcat to scrape/plane off existing to 3m width. Use pavior to relay even cambered surface and compact with roller. (All within Order boundary).	1
		Provision of Flexi-pave surface for BR49 north to Moor Furlong. (All within Order boundary)	2
		At BR14 junction with Wood Lane – new sign needed on existing post to show direction of Jubilee River/Eton Wick. (Within Order boundary).	6A
		Grading and levelling the existing surface of BR9 on south side of M4 Grading and levelling the existing surface of BR9 on south side of M4. (Within Order boundary).	3
		Improved 3m wide surface for cycling on BR9. (Part with Order boundary).	4
		Extra maintenance of BR9 to bring back to passable condition following re-opening of Oldway Lane bridge. (Most outside Order boundary but current access for maintenance vehicles will be severed during construction).	5
Wood Lane	Local diversions from existing bridge to new bridge. (including ramping due to increased bridge height)	Improved crossing point from footway of Wood Lane to continue south from a safety point of view. New signage for bridleway including destination information. (All within Order boundary).	6
		Improvements required to routes along the Jubilee River: BR84, BR85, FP10 and the cycle way along the Jubilee River including attention in localised areas due to puddling and wear to the surface. (Outside Order boundary but works as a result of Oldway Lane user diversion).	7
Datchet Road & Recreation Ground	1.9km via Datchet Road and Upton Court Road	Improvements to shared foot/ cycle path alongside Datchet Road with Toucan crossing to link with Upton Court Park Road. (All within Order boundary).	8
		Improvements to shared foot/ cycle path alongside Upton Court Road. (Outside Order boundary but works needed as a result of Recreation Ground overbridge user diversion).	9

		Surfacing of FP36 between Upton Court Road and SL69/1 (Outside Order boundary but works needed as a result of Recreation Ground overbridge closure and minimise diversion for footpath users.	10
Old Slade Lane	3.1km diversion via Colnbrook and Sutton Lane	Improved surfacing of BR2a and BR6 and FP6. (partly within Order boundary, partly outside: would act as a circular route for Colne Valley Trail users during bridge construction).	11
		Improvements to diversionary route between Colne Valley Path at Colnbrook and Sutton Lane (Outside Order boundary but only route capable of achieving crossing of the M4 during construction phase).	Not shown
