6. Supporting Information

6.1 Slough Wellbeing Board has a commitment to openness and transparency in the way that it carries out its work and is accountable to local people. This includes a commitment to annually review progress against the Board's ambition to reduce health inequalities and improve health and wellbeing outcomes across the borough. The draft Annual Report at Appendix A sets out a review of the Wellbeing Board's:

- Statutory responsibilities (pages 7 – 9), and
- Its key activities and achievements (pages 9 – 25).

6.2 It also highlights the role of the Board and the difference it has made during 2017/18 and sets out the context for its work during 2018/19.

6.3 This year we have also included case studies to enable the Board to demonstrate its wider achievements to the people of Slough. Wellbeing Board members had the opportunity to comment on, and have input into, earlier drafts. Subject to any final comments from members at the meeting, the Annual Report 2017/18 will be recommended to Cabinet for endorsement at its 16 July 2018 meeting.

7. Comments of Other Committees

7.1 Health Scrutiny Panel considered the draft Annual Report at its meeting on 26 March 2018. Panel members asked for the Annual Report to include more information and evidence concerning what the Wellbeing Board) are doing to encourage an increase in the take up rates for cancer screening. This comment has been addressed in the attached draft. We have also worked with members of the Local Safeguarding Children and Adult's Boards, the Safer Slough Partnership, the Joint Parenting Panel and the Health and Social Care PDG to ensure the annual report reflects the contribution being made by these partnerships and the collective difference made during 2017/18.

8. Conclusion

8.1 Publishing an annual report provides the Wellbeing Board with an opportunity to:

- Promote its work and that of the wider partnership;
- Demonstrate the practical progress that has been made in delivering its statutory functions and against each of the strategic priorities in the Wellbeing Strategy; and
- Identify some of the emerging challenges and opportunities that will influence its work in 2018/19
