# Public Spaces Protection Order

PSPO - Public Spaces Protection Order under Sections 59 and 72 of the Anti-social Behaviour, Crime and Policing Act 2014

- **Why a PSPO** – Community tension as a result of large groups of predominantly men congregating on street corners and outside of shops. Residents feeling intimidated and the situation is causing unrest in the wider community. Often these groups are out until the early hours of the morning and the noise and mess left is having a detrimental impact on the lives of the wider community.
- A wide range of community development work is being undertaken and there is active engagement with all communities.
- Residents and agencies have recognised that whilst there has been a considerable positive work being undertaken, a lack of enforcement has led to community unrest and test
- **Consultation** – The Consultation on the PSPO ended on the 12<sup>th</sup> November 2018
- 281 written responses and 2 verbal responses from the Chalvey community in favour of the PSPO. No responses against the PSPO were received.
- **Decision required** - Cabinet are recommended to adopt the PSPO and authorise its usage
