**LICENSING ACT 2003
REGULATORY REFORM (FIRE SAFETY) ORDER 2005.
AKAYA LOUNGE, 307-309 HIGH STREET, SLOUGH, SL1 1BD.**

Dear Sir,

The Fire Authority has considered your application dated 29 July 2020 and does not propose to make a representation. This should not be interpreted as meaning that the fire precautions in the premises are satisfactory. The primary piece of legislation for achieving satisfactory standards of fire safety in licensed premises is the Regulatory Reform (Fire Safety) Order 2005. This legislation requires the Responsible Person to undertake a suitable and sufficient fire risk assessment to identify the general fire precautions which need to be taken to protect relevant persons.

The Department for Communities and Local Government (CLG) has developed a set of guides which explain what you must do in order to comply with fire safety law, help you carry out a fire risk assessment and identify the general fire precautions which you should have in place. The guides are available via the following link:-

<http://www.communities.gov.uk/fire/firesafety/firesafetylaw>

Failure to comply with the Order, irrespective of any requirements which may be imposed by the Licensing Authority in connection with your application, may result in enforcement action being taken by this Authority under the Regulatory Reform (Fire Safety) Order 2005. Your premises will be included in our risk based inspection programme and audited for compliance in due course.

This letter is without prejudice to the powers of the Licensing Authority and to any requirements or recommendations which may be made by enforcing Authorities under other legislation.

Yours faithfully,

S Sheikh
Authorised Fire Safety Inspecting Officer
And on behalf of the Royal Berkshire Fire and Rescue Authority
