### 2. Recommendation

Schools Forum is asked to note the contents of this report.

### 3. Summary

The Dedicated School Grant (DSG) balance has been an increasing deficit for a number of years due to overspend on the High Needs Block. This mainly relates to increased demand for out of borough SEN placements, post 16 services and places at Special schools.

The carried forward deficit from 2020/21 for the High Needs Block is £20.8m, with a projected in year deficit of £5.2m. The total projected deficit at the end of the financial year is £26m. The HN carry over deficit from 2020/21 has increased by £1m since last update, the details are in section 7 below.

This current projection is in line with the management action plan which was presented to DfE on 26th July as shown in table 1 below.

#### 4. Schools' Block

The schools block is showing an overspend of £0.041m mainly due to pressure on Growth Fund budget. This service will be monitored closely, and any variances will be reported accordingly.

The carried over deficit from previous year is £0.298m, projected total deficit for Schools Budget will be £0.339m. No change from last month's variance.

#### 5. Central Schools Services Block (CSSB)

CSSB block is forecasting an overspend of £0.003m which is £2k favourable variance mainly due to reduction on recharges. The overspend is mainly due to increase in School Licences charges, no change from previous month.

#### 6. Early Years Block (EY)

The current position is showing that this service will be on target. This is a demand funded/participation-based service with providers claiming funding for actual hours of provision at the hourly rate set by the authority for that particular financial year.

The carried over surplus for EY is £0.027m and currently this service is showing nil variance for 2021/22. ESFA issued revised budget for EY in January and budget is reduced by £1.2m due to reduction in pupil number.

#### 7. High Needs Block

The DSG 2021/22 High Needs Block projected outturn shows, in-year overspend of £5.254m, an increase of £0.400m from previous month.

The carried over deficit from previous years is £20.8m, total deficit will be £26.054m. There is an increase in overspend by £0.4m mainly increase on Post16 and out of borough placements. There is a risk that other costs may also be identified as part of the year-end review process, which could further increase the deficit.

Overspend for high needs relates to the demand of out borough placement of SEN, this includes the post 16 and independence and Special schools. The service is currently looking into this and any changes will be reported in next budget monitoring as appropriate.
