**THE BOROUGH OF SLOUGH OFF-STREET PARKING PLACES
(CONSOLIDATION) ORDER 2017 (AMENDMENT No. 5) ORDER 2021
(Order 29 of 2021)**

STATEMENT OF REASONS

The Council's budget review identified that parking fees and charges had not been reviewed for many years and needed to be re-examined. This has now been done and it was concluded that it was necessary to increase parking fees and charges to meet rising costs, including those for the Borough's car parks. There had been significant increases in inflation and maintenance costs for the car parks and the Off street charges had not been revised since 2013.

Furthermore, with the Council's aspiration to promote alternative modes of transport and changing travel behaviour, it was necessary to take into account these aspects as well as the increased costs of running the service.

The review was based on extensive analysis of data and the outcome of the Council's Parking Strategy. Factors considered included time of parking, customer behaviour, locality (majority of these tariffs are in the Town Centre and serve businesses), trends including duration of parking, extension of parking time, payment methods being utilised and strategic classification of short and long term parking.
