# Welcome to Adult Learning

We offer courses in English, English for Speakers of Other Languages (ESOL) and maths, digital skills, and a range of wellbeing courses for adults and families. We are graded "Good" by Ofsted and teach over 2,000 learners every year.

We deliver adult learning to residents across both Slough, Windsor, and Maidenhead with learning centres in both boroughs. We aim to support the needs of local people by equipping them with basic skills, improved wellbeing, and participation in the community. We support learners through learning from beginners to qualification level 2.

Most of our courses are only £5 and many are free (subject to eligibility, see page 6). To enrol on a course, residents can attend an assessment session with the team. They can go along to The Curve, Slough, or Maidenhead Library - call us to book onto a session.

Please visit our online enrolment website (www.webenrol.com/ebclass) for information on new courses added during the year.

We work with local schools, family hubs, and businesses to expand our course offer to you, both in-person and online. Our courses focus on employability skills, family learning, and wellbeing. For more details, see inside.

# Why learn with us?

Nine out of ten learners recommend us to their friends.

We will help you to build your confidence to access work and be part of the community, progress in work, help your children with their homework and feel more confident applying digital skills in everyday situations.

# Terms and conditions

When you enrol onto a course these are the terms and conditions you are agreeing to www.slough.gov.uk/adult-learning/adult-learning-service-terms-conditions.

# How to enrol

# **ESOL**, Maths and English courses

So that we enrol you onto a course at the right level we need to assess you.

### Book an assessment

- Phone 01753 476611 to find out when we are next holding assessments. Most of our courses start in September, January and April and we will book an assessment for you for these courses.
- The advisor will book an appointment date and time for you. You will be asked to attend your assessment at either The Curve in Slough or Maidenhead Library in Maidenhead.

# Attend your assessment

- Bring ID identification of who you are (e.g. passport, driving licence) and any evidence of benefits you may be claiming.
- If you are a new or recent arrival to the country, please bring documentation relating to this.
- You will take an assessment and be offered a suitable course at your level. We will
  then enrol you on that course to confirm your place.
- Bring a bank (debit/credit) card in case you need to pay for your course.

# Health & Wellbeing, and Employability courses

Apply online (www.webenrol.com/ebclass)

You will also need to upload your  $\ensuremath{\mathsf{ID}}$  verification.

# **Digital Skills courses**

- No assessment necessary.
- Call or visit us to book a place to meet the digital skills tutor.

# Other providers

Contact the provider directly - email, phone number or website address is provided.

# Term dates

# Autumn 2025

Term starts: 15 September 2025
Half term: 27-31 October 2025
Term ends: 12 December 2025

# Spring 2026

Term starts: 12 January 2026Half term: 16-20 February 2026Term ends: 27 March 2026

### Summer 2026

Term starts: 20 April 2026Half term: 25-29 May 2026Term ends: 10 July 2026

# Exam fees

# What you need to consider

If you are taking an ESOL, English or Maths qualification and pay for your course then you will also be required to pay an exam fee. This will be during the course when the tutor agrees for you to take the exam. If you are eligible for a free place on a qualification course, then you may be exempt from the exam fee. You will be informed of the cost of your exam and your course and if they are waived - when you attend your assessment.

# Will I need to pay for the course?

If no, do you have?

- Indefinite leave to enter or remain?
- Discretionary leave to enter or remain?
- Refugee status?
- Asylum seeker living in the UK for 6 months or more with a pending decision at the Home Office?

Yes No

You may be eligible for funding

Fees may apply

# How can I pay?

If you need to pay for your course, we only accept card payments.

# What do I want to study

# **ESOL** courses

FREE if you:

- Are unemployed and in receipt of a means tested benefit, e.g. Universal Credit\*\*
- Earn a low wage\*\*
- Actively seeking work

### All courses

£5 fee unless otherwise stated in the first term.

Level 2 Entitlement for English and Maths qualifications

These are FREE if you do not already have a qualification at or above level 2.

If you do not meet any funding requirements, you may need to pay a fee for your course.

<sup>\*</sup>EEA nationals will need to provide proof of settled status or proof that an application is in progress

<sup>\*\*</sup>Evidence is required.

# Why learn with us?

We set the intent for every course to meet the needs of our residents. Our courses are delivered part-time during the day or evening around school hours. You will find our tutors to be experienced in their field, focused on supporting you to grow your knowledge and skills, whilst enjoying your course.

### What we offer

- Regular constructive feedback on your progress.
- · Access to information, advice and guidance on future opportunities.
- · Induction to your course and your health and wellbeing.

# What some of our learners have said about studying with Adult Learning Slough, Windsor and Maidenhead

"I really enjoyed the course and it helped me a lot to get more confidence and understanding." (ESOL)

"It was taught well and I learnt from the course." (Digital Skills)

"The teacher is understanding and has extensive experience." (Sewing)

# **ESOL**

# English for Speakers of Other Languages

### Is ESOL for me?

ESOL courses are for speakers of Other Languages. These courses help learners to gain the English skills to access local services independently and communicate effectively with family and friends in English.

### What will I learn?

You will be working on targets to improve your literacy skills in reading, writing and/or speaking and listening.

# **Progressing through ESOL levels**

Learners on ESOL Entry 3 courses can work towards a nationally recognised qualification and progress onto a Functional Skills English qualification. Some learners may need more than one term to achieve their targets, or the qualification.

### What can I do after the course?

With English you can potentially work in a variety of jobs including local opportunities in warehousing, office work, catering, and health care. You can also progress onto a higher-level course, college, or volunteering.

### Student testimonials

"I liked that I was able to practice my speaking and writing."

"Simplicity and ease in explaining topics."

"Grammar Course was exactly what I've expected. A starter course that moved me a step up."

# **ESOL Pre-Entry**

This course is for learners with little or no skills in speaking, listening, reading and writing in English and can be taken in part or all modes. Learners will improve their confidence to communicate in everyday life situations and can progress onto an ESOL Entry 1.

# **ESOL Entry 1**

This course is for learners with some basic literacy skills who want to improve their speaking, listening, reading, and writing skills for everyday communication and can be taken in part or all modes. Learners will develop the confidence to interact with others in everyday conversations such as at the shops etc.

# Developing your speaking and writing skills (entry levels)

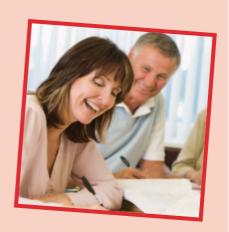

Build your confidence in everyday communication. You will focus on practical language use and writing for different purposes using different materials.

# **ESOL Entry 2**

This course is for learners with basic literacy skills who want to improve their reading, writing, and speaking and listening skills for everyday communication. Learners will complete tasks such as reading emails or letters, writing a short messages talking with friends, family and colleagues etc and how to access local services and facilities.

# **ESOL Entry 3**

This course is for learners who need to develop their speaking, listening, reading, and writing for everyday communication socially and in the workplace. Learners will develop their skills for work, life, and health. Learners can take a nationally recognised qualification progress on to the English courses at Level 1.

# English

# Is English for me?

English functional skills courses are for those who want to develop their confidence and fluency in English. These courses help learners to gain the literacy skills to access local services independently and communicate effectively in work.

# What will I learn?

The English qualification comprises of three components - Reading, Writing and Speaking & Listening. Some courses will focus on one component at a time whereas courses may combine them.

# **Progressing through English levels**

Once you have achieved all components of the qualification, you will have the opportunity to progress to the next Functional Skills English level. Learners are likely to need more than one term to achieve all three components of the qualification.

### What can I do after the course?

With English you can potentially work in a variety of jobs including local opportunities in customer service, admin work, catering, and health care. You can also progress onto a higher-level course, apprenticeship, college, or volunteering.

### **Student Testimonials**

"I like the fact that during the course I gained a lot of new knowledge and I get the chance to meet new people."

"The effort the teacher did to help us to be ready for the exams."

"Increase my confidence level in English speaking listening and writing."

# Functional Skills English Stepping Stones to Level 1

This course is for learners who have basic literacy skills and wish to improve their reading, writing and verbal communication with a focus on improving grammar. The course will teach learners to communicate more confidently and effectively in everyday life, further study and at work.

# **Functional Skills English Level 1**

Learners will develop their existing knowledge so that they are able to communicate, read and write clearly and accurately in a variety of scenarios in the community, at work and in the home such as, applying for jobs, making requests and giving information to others, understanding written and verbal instructions etc.

# **Functional Skills English Level 2**

Learners will already be able to apply reading, writing and communication skills in a range of formal and informal contexts. Learners will develop their existing knowledge and be able to apply these skills more effectively and confidently at work and in the community, as applying for jobs, or study, and speaking or writing to people, requesting detailed information from an organisation etc.

# **Maths**

### Is Maths for me?

Our maths courses are for those who already have some basic knowledge and would like to develop further for everyday situations and in the workplace.

### What will I learn?

You will improve your knowledge in number skills, handling data, measurements to help you when at the shops, calculating personal finances, and in your employment. You can work towards a nationally recognised qualification at Entry Levels 2 & 3, Level 1, or Level 2.

# **Progressing through Maths levels**

Once you have achieved your maths qualification, you will have the opportunity to progress to the next Functional Skills maths level. Some learners may need more than one term to achieve the qualification.

### What can I do after the course?

With Maths you can potentially work in a variety of jobs including local opportunities in warehousing, admin work, catering, and health care. You can also progress onto a higher-level course, apprenticeship, college, or volunteering.

# **Functional Skills Maths to Entry 3**

For learners with a basic level of maths to become more confident to solve mathematical problems, take and record measurements and find information from simple charts graphs and diagrams.

### **Functional Skills Maths Level 1**

Learn basic mathematical operations and problem-solving in everyday situations: use numbers and the number system, use measures, shape and space and handle information

### **Functional Skills Maths Level 2**

Learn mathematical skills to solve real-world problems: use numbers and the number system (including fractions, and percentages), use measures, shape and space (including area, and volume), and handle information and data (including statistics and probability).

### **Student Testimonial**

"I thoroughly enjoyed learning maths skills...for further development."

# Volunteer with Adult Learning

Would you like to support others with language or learning needs?

Do you have 2-3 hours each work to spare?

Be part of changing lives and join our volunteer team!

- Share and grow your skills and knowledge by helping others.
- Get useful work experience in a teaching environment.
- Add valuable skills and experience to your CV.

For more information and next steps, email us: lifelonglearning@slough.gov.uk

# Progress with Adult Learning

When you learn on a Skills Course with us you can progress through the pathway and onto further destinations - work, further education, and volunteering. At your initial assessment

for your course, you will have the opportunity with a tutor to discuss next steps after your course is completed.

If you are successful on your course, then you will have the opportunity to enrol onto the next level. We work with local providers who offer job specific courses (such as childcare) you can also progress on to.

While you are on your course you can request an interview with a careers and information advisor to discuss your job ideas and gain advice on next steps and job hunting.

# Basic Digital Skills

# Is Digital Skills for me?

Our digital skills courses are for those who are new to using computers and other devices, and those who want to improve so they can apply for jobs, and use their skills in the workplace, with their family or at home when browsing.

### What will I learn?

For beginners you will learn how to email, use a browser on the internet, and use word processing to create, save and print basic documents.

On the Excel course you will learn how to perform basic functions using spreadsheets including how to create a budget plan. On the PowerPoint course you will learn how to create and format basic presentations.

The Digital Skills for Job Seekers course will cover how to search and apply for jobs online as well as basic word processing skills to be able to write a CV or covering letter.

### What can I do after the course?

You can potentially work in a variety of jobs which require digital skills knowledge including local opportunities in administration work, and health care. You can also progress onto a qualification course such as Functional Digital Skills or Essential Digital Skills.

Basic Word/Internet
Digital Skills for Job Seekers

# **Basic Digital Skills**

Learn how to navigate the digital world confidently and safely. Learn to use devices, handle information, create and edit digital content, communicate online, transact securely and be safe online.

### Internet and Email

Learn the basics of digital skills for everyday life and employment. Learn to use a mouse, keyboard, word processor to create simple documents and file management. You will be able to look up information, visit popular websites, use favourites and bookmarks, learn to shop online, use the internet to job search and use email.

# **Excel, Word, and PowerPoint**

In PowerPoint you will create a simple presentation on a topic of your choice using text, colours and picture.

This course is for those who want to learn or improve their basic spreadsheet software skills using Microsoft Excel. The course will introduce learners to the basic concept of spreadsheets.

### **Student Testimonials**

"Digital skills courses teach me about new and advanced technology and what's popular right now."

"Learn new skills with word."

"Now I know and understand the basics of a computer."

# Health and Wellbeing

We are offer a range of courses to support your health and wellbeing; these include exercise, cookery, and sewing. Different courses are run during the year so please check our courses website

(www.webenrol.com/ebclass) to find out more. Some of our courses:

# **Dressmaking**

Beginners and Advanced: Learners will make a children's outfit using a western pattern. Learners must understand how to use a sewing machine before joining this course.

# Learning sewing techniques - Applique and Upcycling

Learn and develop basic sewing techniques to refashion clothes and re-use fabrics you will already have to make household items and to customise your clothes.

# Getting to know your sewing machine

Learn how to use your sewing machine. We offer this at beginners and intermediate level.

### Pilates for all

Use Pilate to promote strength, balance, flexibility and postural awareness, as well as the correct stretching techniques.

# Cooking in style

Introduction to fundamental cooking techniques to produce delicious meals at a basic cost.

# **Dressmaking - unfinished projects**

For learners who understand how to use a sewing machine. You will make a children's outfit using a western pattern. We offer this course at beginners, intermediate and advanced level.

### Student testimonials

"Pilates maintains my physical abilities as an addition to my other methods of exercise. It also provides good company with the other participants." (Pilates)

"Instructor is brilliant. Caring and fun. A great inspiration." (Pilates)

"The teacher was absolutely brilliant, very well spoken, knew how to make it fun way to learn. Built a good relationship with students. Great." (Slow cooker)

# Changing lives one job at a time

Ability Slough is a fantastic new project providing support for people with disabilities and long term health conditions to gain and maintain paid employment.

If you have a disability or long term health condition and are struggling to gain or maintain employment, we can help!

We provide supported employment services in Slough. We work with you to understand what you like to do and match your skills, experience and aspirations to job roles in the local area.

We also work with lots of employers and are always making new relationships, which helps in our aim to get you into work as soon as possible.

Once you get a job, we provide support to help you keep it at your place of work.
